Inside these pages is a look at Zippo like you've never seen it before!

We've re-designed, re-categorized, and re-configured our full line catalog to bring you a fresh, new, in-your-face look of today. More lighters are depicted full size, and varnished to a gloss that pops them right off the page.

Urban Style has an edgy look geared to our 18 – 25 year old demographic. We've included the lighters from the XYZ assortment, added some great new color imaging designs on Mood Indigo and Black Ice, and brought in the reverse etched satin silver from Fall Choice.

Standard Issue salutes the men and women who serve in the United States Armed Forces and the NYPD.

Pure showcases Zippo lighters and finishes in their basic, beautiful, unadorned state. You'll find classics like brushed brass and brushed chrome, sterling silver and solid gold, 1941 Replicas, and a palette of matte colors. Choose from a kaleidoscope of PVD finishes: shimmering rainbow Spectrum, deep lustrous Black Ice, shadowy Mood Indigo, warm Harvest Bronze and iridescent Sapphire.

Work & Play includes a new lineup of Major League Baseball and NHL lighters, NFL emblems, and Zippo at Work. Zippo's color imaging process brings to life a new series of marine life masterpieces from Guy Harvey and a funky collection of animal skins and feathers. We have a bumper crop of John Deere licensed lighters, including one in John Deere green.

Mood isolates a dominant motif from a lighter on each page, and accents it in clear varnish for an interesting background treatment. Southwest motifs, scrimshaw chips, and spectacular engraved designs on Spectrum are highlighted.

Indulgence satisfies all your pleasures and pastimes. Kick back and enjoy games of chance, fast cars, beautiful women, timeless music, and adult legal beverages – all on a Zippo lighter.

etcetera . . . brings you great accessories for your Zippo lighter. Cover your butt with the all-metal pocket ashtray, or carry an extra refill of fluid in the personal fuel canister. As always, we recommend only genuine Zippo flints, wicks, fluid, and butane for optimum performance of any Zippo lighter.

Z-Series Armor Project

En garde for the Armor Project, the next installment of the popular Z-Series pre-production collectible series from Zippo. The armor lighters feature a case that is 50% thicker than standard Zippo lighter cases. The heavy walled case allows for stunning 3-dimensional deep engraving, and gives the collectible an added heft.

Z-Series Armor Project lighters will be individually numbered and allocated to three regions: the Americas, Asia/Pacific Rim, and Europe. One hundred lighters will be numbered with a ZC designation and allocated to members of the Zippo Click collectors club.

The collectible, which carries an exclusive Z-Series Armor bottom stamp, will be packaged in a Plexiglas self-display unit, and will include a pamphlet highlighting the manufacturing steps involved in making the Armor Project pieces. Each collectible comes with a hand numbered certificate of authenticity.

Watch for more information on the Z-Series Armor Project!

MPL Multi-Purpose Lighter

As Zippo has been the benchmark for pocket lighters for decades, so we now set the standard for utility lighters.

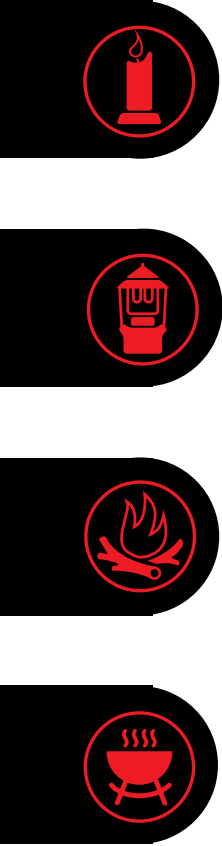

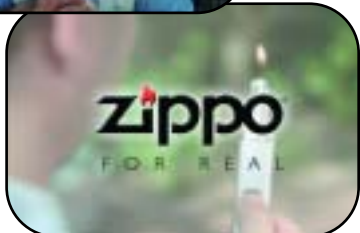

The Zippo MPL - the first premium refillable butane multi-purpose lighter - is everything you expect from a Zippo lighter, only longer.

With its durable metal construction, adjustable flame, and ergonomic design, the Zippo MPL is ideal for lighting candles, fireplaces, stoves, campfires, lanterns, and more.

Whimsical television commercials illustrate a diversity of uses for the Zippo MPL. Baby's birthday celebration is delayed while the MPL captivates Dad's attention, left. At right, food burns to a crisp, because the grill chefs can't take their eyes off the MPL.

Realtree® camo blends natural colors, lifelike shadows, and photo-realistic limbs, stalks and leaves into an incredibly three-dimensional camouflage. The patterns reveal contrast from light to dark, yet are so neutral that they disappear into virtually any outdoor setting. Because Realtree® camo is a dipped coating applied through an immersion process, every lighter displays different views of the all-over larger pattern.

Guy Harvey's marine life masterpieces come alive on a new series of Zippo lighters. Zippo's color imaging process captures in minute detail every stroke of the marine master's brush on the canvas of a Zippo lighter. The Guy Harvey signature has become synonymous with compelling action and fine detail in marine wildlife art.
