The story of Zippo Manufacturing Company is the story of its people, from the founder, George G. Blaisdell, to the many Zippo employees, customers, and collectors who have played a part in its nearly 75-year history. Their loyalty to Zippo has made this one of America's great companies.

It started in 1932 in Bradford, Pennsylvania, with a dream and a design – a design for a lighter that would always work and would be easy to use. George G. Blaisdell watched a friend awkwardly using a cumbersome Austrian-made lighter. The lighter worked well, even in the wind, due to the design of the chimney. But its appearance was utilitarian. Its use required two hands, and its thin metal surface dented easily.

He decided to refashion the Austrian lighter, making rectangular and attaching the lid to the bottom with a hinge. He retained the chimney design which protected the flame under adverse conditions. The result was a lighter that looked good and was easy to operate. The first lighter, currently displayed at the Zippo/Case Museum in Bradford was produced in early 1933. Today, Zippo has produced more than 425 million lighters, each one backed by its famous guarantee, "It works or we fix it free.™"

"I can tell you of a man who had the vision and the belief that his company could achieve the success we are celebrating today. His name was George G. Blaisdell. It is his ingenuity and his love for Zippo, a love that has been passed down through three generations that has kept the flame alive. "

George Duke,
 Zippo Owner and Chairman of the Board
